Members and staff are required to be aware of potential violations of antitrust laws. Laws designed to prevent unfair competitive practices, such as price-fixing, include the Sherman Act, the Clayton Act, the Federal Trade Commission Act, and the Robinson-Patman Act, as well as other state and federal statutes. The consequences for violating antitrust laws can be severe. Punishment for a conviction can include large fines to TSCPA, its members and staff. Volunteer leaders, staff and participating members may also face jail sentences for participating in antitrust activities. In addition, civil actions may be brought by private parties.

Members and staff are specifically prohibited from engaging in the following:

- Participating in or promoting any activities or discussions to raise, lower, or stabilize prices or fees charged to customers or clients;

- All TSCPA meetings shall be attended by a TSCPA staff member.
- If a discussion is at-risk for antitrust violations, the attending TSCPA staff shall request that the discussion should stop immediately. The request for the discussion to end shall be documented in the meeting minutes. If members continue the discussion, TSCPA staff present should end the meeting and excuse themselves from the meeting room. The minutes should reflect the staff's actions and show that they left the meeting.
- TSCPA senior management or legal counsel should be alerted if any improper discussions or activities occur.
- All TSCPA meetings should have agendas that are distributed in advance of a meeting or conference call.
- All TSCPA meetings should have minutes prepared by staff which reflect the actions taken and decisions made during the meeting. Minutes should be distributed to the meeting participants.

In order to ensure that antitrust laws are observed by TSCPA staff, the following procedures shall be observed:

Chapters

The local chapters are semi-autonomous organizations formed within the framework of the Society providing local presence and opportunity for participation by TSCPA members.

Coordination with TSCPA among the chapters is accomplished through the Chapter Coordinating Committee, which is comprised of chapter presidents, president-elects and executive directors. This committee is assisted by a staff liaison who is in frequent contact with the chapters. The committee reports to the Executive Board on its activities, as well as chapters' activities through its assigned coordinating officers.

See Article IV of the *Bylaws* for further detail. **(EB:11/7/03)**

Chapter Awards

The Chapter Coordinating Committee Steering Subcommittee is responsible for selecting the recipients of the following awards: Outstanding Small Chapter, Outstanding Medium Chapter, and Outstanding Large Chapter. From time to time, a Most Improved Chapter Award may be presented.

Outstanding Chapter Award recipients will be selected on the basis of information provided on the Outstanding Chapter Award Entry Form.

Most Improved Chapter: Selected when appropriate to acknowledge a chapter that significantly advanced its services to members and the community in a given year.

All award recipients will be acknowledged by a brief account of accomplishments that resulted in receiving the award. Awards and their recipients will be publicized in appropriate TSCPA publications.

(EB:4/25/03; 4/29-11; 11/30/15)

Chapter/Society Relationship

TSCPA members are also members of a chapter. The chapters complement TSCPA's education of members regarding the Society's overall purpose, goals and objectives. Chapters often locally implement TSCPA-developed programs and services. Chapters also develop and execute a variety of local programs and services that complement those offered by TSCPA.

The chapters are authorized in the Society *Bylaws* and serve as an important contact with the members. It is desirable that the chapters develop their objectives and plan their activities with the Society's *Strategic Plan* in mind, and that the chapter's strategic plan complement that of TSCPA. The activities of the chapters should be designed to advance the profession and complement the activities of the Society.

TSCPA will refer to all of its local chapters as the "(geographic location) Chapter of the Texas Society of Certified Public Accountants" in all TSCPA publications, media releases, awards and other official communications. **(EB:4/26/03)**

Volunteer leadership and staff of both TSCPA and chapters should nurture a positive relationship between and among their organizations. **(EB:11/7/03)**

Chapter – Standards for Formation of a New Chapter

Any change to existing chapter boundaries must be proposed in writing and sent to the attention of the TSCPA chairman by July 1. (A proposal received after that date will be postponed to the next fiscal year.) The process will take place over two fiscal years.

Before the formal proposal is sent, the following pre-application steps must be completed:

- If there are at least 250 fellow members in the counties proposed to be moved, they are electronically surveyed by TSCPA staff to see how many are willing; and
- the first four items below are included in a document that the proposers provide to the president, president-elect and executive director/secretary of each existing chapter from which members would be moved, to see whether the needs stated for a new chapter could be met within the existing structure.

After the steps are completed, the TSCPA Chairman will notify the proposers that they may move forward as follows.

The proposal document shall include all of the following:

- names of at least 20 current CPA members in good standing (who have been members for at least 10 years continuously) making the proposal;
- a detailed explanation of members' needs for a new chapter in the affected area that cannot be addressed by existing chapters;
- names of the counties that would be moved from existing chapters;
- the approximate number of members who would be moved (a minimum of 250 current Fellow, Honorary Fellow and Lifetime members in good standing is required);
- a five-year strategic plan;
- the names of eligible members who have committed to serve as officers during the first three years after the chapter is created;
- proposed dues amounts for the first five years; and
- a proposed five-year budget.

All names in the proposal are subject to eligibility verification by TSCPA staff. The TSCPA chairman will determine whether the document meets criteria.

The proposed change will be communicated to the Boards of Directors of each chapter from which the proposed counties would be moved, by August 1.

The proposed change will be communicated to the TSCPA Executive Board prior to consideration by the Board of Directors with the affected chapter(s) given the opportunity to state their case in person. The TSCPA Executive Board should endorse the change in boundaries by a simple majority prior to sending to the Board of Directors for approval as described below.

If all of the foregoing criteria have been met, the proposal will be placed on the agenda for a vote at the Midyear Board of Directors Meeting in January or February of that fiscal year. At that meeting, there must be an affirmative vote of at least two-thirds of current Board members in attendance in order to approve the proposal.

If the proposal is approved by the Board of Directors as indicated, proposed Bylaws (that provide for four officers – President, President-elect, Secretary and Treasurer – and comply with TSCPA Bylaws) for the new chapter shall be sent to the assistant secretary by June 1 for approval by the TSCPA Executive Board at its next regularly scheduled meeting.

After Bylaws are approved by the TSCPA Executive Board, all affected members will be notified by TSCPA and their chapter affiliation changed by November 1. After that date, they may meet and conduct business in accordance with their approved Bylaws. During April joint dues billing by TSCPA, they will be billed for dues in the new chapter at the rates approved by the new chapter's Board of Directors by February 1 of the second fiscal year of the process.

POLICIES

The new chapter will be in a probationary period for five fiscal years, subject to Executive Board approval, and must submit annual financial reports to the TSCPA Executive Board no later than two months after the end of each fiscal year. **(MYB-1/28/15)**

Committee

The committees of the Society are essential to its progress. They assist in achieving the objectives of the Society's *Strategic Plan*. They perform much of the Society work, contributing to the profession's programs and maintaining relations with influential outside groups. Working with staff liaisons, committees have a responsibility to promote and communicate activities and results to Society members. The Executive Board or Board of Directors has the authority under the provisions of the *Bylaws* to designate and charge committees.

(EB:8/09/02)

Committee Appointments Process

The basis for selecting committee personnel is found in the Society *Bylaws* under Article VIII (5).

It is desirable that the concept of committee service is a sought-after privilege rather than an automatic right as part of Society membership.

TSCPA relies on CPA volunteers to fill committee positions. In addition to a desire for service on a particular committee, the member's record and related experience, as well as the need for appropriate member demographic balance on the committee, is considered.

A member will be appointed to a committee for a one-year term with the understanding that the member may be reappointed for an additional two terms only if his/her record of involvement and participation has been commendable.

Vacancies may occur during the year due to resignation, lack of participation, or the need for more volunteers or a particular expertise to execute the work of the committee. These vacancies may be filled by the chairman with input from the executive director/CEO. **(EB:8/09/02)**

Committee Chair, Responsibilities of

Each committee will be supported by TSCPA staff. The chair should rely on the professional staff to: 1) recommend and implement programs to help the committee achieve its objectives and the overall objectives of TSCPA; 2) execute the administrative and other functions requiring their specific expertise; and 3) provide information on policies, past programming, budgets, activities of the Society overall, etc.

The chair's responsibilities are to:

- Schedule committee meetings;
- Conduct meetings in accordance with *Robert's Rules of Order*;
- Determine how the committee might assist in achieving overall objectives of TSCPA detailed in the *Strategic Plan*;
- Assign program activities to volunteers and monitor their activity;
- Forward committee action items to the Executive Board;
- Forward a committee program report to the coordinating officer for report to the Executive Board; and
- Report to the committee on actions taken by the Executive Board. **(EB:8/09/02)**

Committee Member, Responsibilities of

Committee member responsibilities are to:

- Attend meetings and participate in the programs and activities of the committee through specific committee work as outlined by the committee charge and as assigned by the chair;
- Arrange and be responsible for personal travel and hotel reservations. **(EB:8/09/02)**

Compensation and Benefits

Compensation and benefits programs for TSCPA employees are designed with the goal of providing remuneration that is fair, reasonable and competitive. The programs are intended to help TSCPA recruit and retain qualified staff while being cost-effective and affordable, ensuring that the interests of TSCPA members are considered. The responsibility for guiding and overseeing the formulation and application of staff compensation and benefits for TSCPA employees has been delegated to the Compensation Committee by the Executive Board. The Compensation Committee will report to the Executive Board on an annual basis the work and decisions of the committee.

As part of its responsibilities, the Compensation Committee will: oversee and review the salary grades for various staff positions established by the executive director/CEO, oversee and review the benefit programs provided to TSCPA employees, set the overall compensation budget for TSCPA each year, conduct a performance evaluation of the executive director/CEO each year and set the compensation of the executive director/CEO.

To assure competitive and appropriate levels of compensation for staff, the Compensation Committee will obtain information from relevant comparator groups including other associations and non-profit organizations, as well as other general industry companies, as appropriate. Information regarding compensation and benefit programs of other comparator groups will be obtained by employing independent compensation consultants on a periodic basis and at least every three years.

The guidelines described above apply consistently to all employees of TSCPA regardless of their level. TSCPA administers its compensation and benefit programs in accordance with Federal Wage and Hour Laws, and other applicable governmental guidelines. **(EB: 11/7/08)**

Conflict of Interest Policy

All volunteers of the Texas Society of CPAs will make every effort to avoid any conflict between their own personal, company or firm interests and the interests of the Society, in all actions taken by them on behalf of the Society.

A volunteer should abstain from voting on issues, policies and decisions which could cause the member to benefit personally or cause the member's company or firm to benefit from the outcome of the vote.

Each officer and director of TSCPA shall be required to sign an annual statement that he or she understands the Conflict of Interest Policy and agrees to disclose to the chairman any conflict or potential conflict of interest which may arise during his or her service. (See "Conflict of Interest Disclosure Statement").

The disclosure of any conflict by volunteers should be in writing, confidentially addressed to the chairman, and should describe the facts and circumstances relative to the potential conflict of interest. It will be the decision of the chairman of the Society as to a resolution of the conflict, if a resolution is deemed necessary. Any volunteer who is aware of a conflict of interest on his/her part and fails to report such shall be subject to appropriate disciplinary action by the Executive Board or its designee. **(EB:8/09/02) (EB: 11/7/08)**

A coordinating officer is expected to function as the advocate for the committee actions he/she brings to the Executive Board. However, should the coordinating officer object to a committee or action to such an extent that the coordinating officer could not effectively advocate the position, he/she should advise the committee or chair and invite another representative to attend the Executive Board meeting and advocate the committee's position. In this instance, the coordinating officer is free to express his/her personal opinion on the matter. **(EB:11/7/03)**

Executive Board

The Executive Board is the working arm of the full Board of Directors. The Executive Board will function for the Board of Directors between Board of Directors meetings and shall have all the powers of the Board of Directors except those specifically reserved to the Board of Directors itself.

The executive director serves as chief executive officer of the Society and is responsible to, and serves at the pleasure of, the Executive Board. The executive director/CEO also serves as TSCPA's assistant secretary. In accordance with the Texas Non-Profit Corporation Act (or successor statutes), the assistant secretary shall serve in the capacity of TSCPA's "president" when required to fulfill all legal requirements.

The executive director/CEO implements and administers staff policies and procedures and assures that staff provides appropriate support of volunteer policies and procedures established by the Executive Board and Board of Directors. He/she acts as a liaison between the TSCPA staff, TSCPA membership, and the local chapters and provides continuity for a constantly changing elected leadership and other volunteers.

Society Chairman, Chairman-elect, Immediate Past Chairman and Chairman-elect Nominee: In token recognition of the substantial contribution of time and resources which are demanded of the chairman and chairman-elect during their tenures in office, all expenses relating to official travel by the chairman, chairman-elect, immediate past chairman and chairman-elect nominee and their spouses, subject only to the budget limitations for the year, are to be reimbursed by the Society. Travel expenses to be reimbursed shall include transportation, meals, lodging, and incidental expenses. Reimbursement of mileage as a travel expense will be at the prescribed IRS allowable rate, which may change from time to time. Original receipts of all expenditures, except for *de minimis* amounts defined from time to time by the IRS must accompany requests for reimbursement. Arrangements for air travel should be made sufficiently in advance to obtain any discount fares available. Committee Members: Reimbursement for committee members is limited to those for whom lack of reimbursement would constitute a sufficient financial burden to interfere with the performance of their responsibilities with the TSCPA and its affiliated entities (not including chapters). Such reimbursed expenses are limited to transportation costs including air travel costs at actual coach fare or mileage at the prescribed IRS allowable rate, which may change from time to time. **(EB: 6/29/06 and 4/27/07)**

Committee members requesting travel reimbursement under the parameters outlined above are to submit a brief memo, attaching either an **original** airfare receipt or a mileage statement. Arrangements for air travel should be made sufficiently in advance to obtain any discount fares available. There will be no disclosure of names of members to whom reimbursement is made. It is the intent that requests for reimbursement come only from committee members who qualify for reimbursement under this policy.

2. Expense of mailings and printing of brochures or manuals and/or other materials for committee projects are to be requested as items in the committee's budget each year; expenses of this nature should be incurred only through the TSCPA administrative office.

These reimbursements are not available to committee members attending meetings held in conjunction with the Society's Midyear Board of Directors Meeting or Annual Meeting of Members since all members are expected to attend these meetings at their own expense. **(EB: 6/29/06 and 4/27/07)**

Unbudgeted travel reimbursement for such meetings must be requested as a budget variance under the Budgetary Controls policy.

Executive Board Members: TSCPA will cover the cost of hotel accommodations necessary for Executive Board members to attend all meetings of the Executive Board (two nights for a two-day meeting, one night for a one-day meeting) as well as group meals during the meeting. These standards should be reviewed and evaluated at least every three years. **(EB:6/19/98)(EB:8/24/12)**

Fund Balance Guidelines

TSCPA and the TSCPA CPE Foundation will strive to maintain a fund balance that provides the liquidity to make strategic investments for the future as well as to provide for an unexpected financial shortfall or other unexpected event. A portion of the fund balance should also allow TSCPA and the TSCPA CPE Foundation to deal with the market volatility of their investments that can happen from time-to-time. Based on the research of best practices within the broader association community, TSCPA has established the following guidelines for fund balances. If the fund balances fall below these guidelines, the TSCPA Finance Committee and Executive Board will recommend a plan of action to return the fund balances to an adequate level.

TSCPA

TSCPA will maintain unrestricted net assets equal to at least 50% of net expenses. Net expenses are defined as all operating and program expenses net of directly related program revenues such as Peer Review and publication advertising.

POLICIES

TSCPA CPE Foundation

The TSCPA CPE Foundation will maintain unrestricted net assets equal to at least 50% of total expenses. Total expenses are defined as all direct expenses of CPE programming plus indirect/operational expenses. **(EB: 8/24/12)**

Investment Guidelines and Objectives

The purpose of this statement is to establish the guidelines necessary for the management of the TSCPA's investment portfolio. The principal and income of this portfolio will be available to fund the ongoing operations of the TSCPA and related entities. The goal of the investment portfolio is to preserve and grow capital while maintaining purchasing power and liquidity.

The TSCPA investment portfolio should be invested according to the following guidelines:

1. Interest bearing checking, saving, and money market accounts held at financial institutions which are members of FDIC or SIPC.
2. Certificates of deposit issued by federally insured financial institutions, including those obtained through brokerage firms.
3. Money market mutual funds that strive to maintain a constant dollar value.
4. U.S. Treasury securities and government agency securities.
5. Corporate debt securities in U.S. dollar denominated amounts. These securities must meet or exceed an investment grade credit rating from *at least one recognized rating agency*. These corporate debt securities are expected not to exceed 50% of the market value of the portfolio, with not more than 5% of the market value of the total portfolio in any one corporate issuer
6. Diversified investment grade bond funds. It is understood these funds may not be 100% invested in investment grade securities and consideration should be given to the quantity and quality of the non-investment grade securities. When combined with the corporate debt securities in #5 above, these bond funds should not exceed 50% of the market value of the total portfolio and no more than 5% of the market value of the total portfolio should be with any one corporate issuer.
7. Equity securities in U.S. dollar denominated amounts. The equity securities should not exceed 60% of the market value of the total portfolio at the time of initial investment with not more than 5% of the market value of the total portfolio in any one corporate issuer at the time of initial investment.

The equity position will be evaluated semi-annually at May 31 and November 30. If the equity position exceeds 60% of long-term funds at these points in time, the Investment Committee will reallocate between equity securities and fixed income securities to bring the equity back down to 60%, or less. This allocation will be performed within 90 days of the dates above.

The investment portfolio shall be invested in accordance with the TSCPA Investment Guidelines and Objectives. The asset allocation of the investment portfolio shall be reviewed periodically by the Investment Committee, which will be responsible for monitoring the investment portfolio on an ongoing basis. This committee will consider the current economic, social, and political conditions, outlook for interest rates, market volatility, business environment, and other pertinent investment factors for making its asset allocation recommendations. **(EB: 4/30/10)**

To communicate to TSCPA members that the state organization and its 20 chapters function as one organization in delivering services to CPAs in Texas, TSCPA chapters are encouraged to use the TSCPA logo as part of their chapter name. If a chapter does use the TSCPA logo, they are required to follow the format described in the *Logo Update*.

Peer Review Program, Qualifications of Reviewers

A reviewer in the Peer Review Program administered by TSCPA must comply with all qualifications established by American Institute of Certified Public Accountants' Peer Review Executive Committee and published in the Standards for Performing and Reporting on Peer Reviews. These qualifications include, but are not limited to, membership in AICPA. Consequently, all reviewers must be members of AICPA in order to meet the qualifications of a reviewer for TSCPA administered reviews. **(PRC:6/19/98)**

Professional Ethics Committee Procedures

Goals and Objectives: The committee's primary goal is that each member of the Texas Society of CPAs acts ethically. The primary objective in reaching this goal is ensuring that Society members abide by the current *TSCPA Code of Professional Ethics* (the *Code of Professional Ethics* consists of both the *AICPA Code of Professional Conduct* and the *TSBPA Rules of Professional Conduct*). The activities of the committee are focused on achieving this objective.

Authority: The authority of the Professional Ethics committee is set forth in the *TSCPA Bylaws*, Article VIII, Section (2). It reports to the Board of Directors through the Executive Board. The committee's area of authority includes all professional ethics case investigation and disposition decisions involving TSCPA members.

Structure: The Professional Ethics Committee members are appointed through the TSCPA committee appointments process. The TSCPA Executive Board coordinating officer assigned to the Professional Ethics Committee is an *ex officio* member. The committee chair is selected in accordance with TSCPA committee appointments procedures.

POLICIES

Subcommittees: Standing and *ad hoc* subcommittees may be added as the need arises after prospective approval of the Executive Board. The chair and members of all subcommittees are appointed by the Professional Ethics Committee chair.

Enforcement Subcommittee: Members of the Enforcement Subcommittee are recommended by the committee chair during the TSCPA committee appointments process and either have several years' experience on the Professional Ethics Committee or possess special expertise. The Professional Ethics Committee chair appoints the chair of the subcommittee.

This subcommittee:

- Recommends TSCPA Professional Ethics Committee policies and procedures that are in harmony with existing ethics enforcement agreement(s) between TSCPA and other body(ies); and
- Reviews all new complaints to determine whether it appears that, if information received were to be proven correct, one or more rules of the TSCPA Code of Professional Ethics in force at the time of alleged violation would have been violated.

Communication and Education Subcommittee: The chair and the members of this subcommittee are appointed by the Professional Ethics Committee chair. This subcommittee:

- Enhances statewide consistency and quality of chapter efforts to assist members and the public with responses to ethics questions; and
- Circulates a compendium of responses to Ethics Committee members for their respective chapter committees' reference and education.

Meetings: From time to time, guests may be invited to attend meetings at the discretion of the committee chairman.

Voting: All committee members carry one equal vote. Case disposition and committee action decisions are made by voice, written or a show-of-hands vote at scheduled meetings.

A motion may carry with a majority vote of those present at a scheduled meeting. One-third of current committee members constitutes a quorum. No proxy votes are permitted unless so directed by the committee chairman by mail notice to all committee members at least 30 days in advance.

Confidentiality: The committee adheres to the confidentiality policies of the TSCPA/AICPA Joint Ethics Enforcement Program (JEEP). The identity of members involved in ethics investigations is confidential because:

- Individuals are considered to be innocent of any violation of the TSCPA or AICPA Code of Professional Ethics until the committee issues a finding otherwise; and
- Members should be given the opportunity to benefit from disciplinary measures without the stigma that might result from their name being known or published, unless the violation is of sufficient gravity to warrant disciplinary action.

TSCPA Publishes in *Today's CPA*:

- The names of those expelled from membership by action of the Executive Board; and
- The names of those found to be in violation of the *TSCPA Code of Professional Ethics* by an authorized hearing panel of the Joint Trial Board or under terms of a Settlement Agreement promulgated by the JEEP program.

The committee exchanges disciplinary information on a confidential basis with the AICPA as outlined under the rules and procedures of the Joint Trial Board. Material contained in certain case files may be shared on a confidential basis with the current TSCPA chairman, chairman-elect, executive director/CEO, coordinating officer and TSCPA general counsel designated by the executive director/CEO.

Correspondence and Files: All correspondence relating to potential or ongoing cases is to be marked "Personal and Confidential." Committee members are responsible for securing active case files in their possession. All committee member files are to be turned over to the committee staff liaison for destruction

when an investigation is dismissed or closed.

Any individual having knowledge of potential, active or past case information who discusses or disseminates such information to unauthorized individuals will be subject to disciplinary action.

The following is not all-inclusive, but indicates some of the documents considered confidential by the committee:

- Inquires from members about professional matters;
- Complaints or allegations of professional misconduct;
- All material pertaining to investigations and establishment of *prima facie* cases of violations of Codes of TSCPA, AICPA, or other appropriate bodies;
- Committee correspondence related to disciplinary activities of TSCPA or AICPA;
- Minutes of committee meetings; and
- Drafts of proposed pronouncements, including the Code of Professional Ethics, until approved for distribution.

Involvement of TSCPA Leadership: The Professional Ethics Committee chair should promptly advise the TSCPA chairman and executive director/CEO of a member of the Executive Board under investigation.

Ethics investigations are kept as confidential as possible for a number of reasons (see "Confidentiality"). From time to time during the investigation of cases, events will occur which should be brought to the attention of the TSCPA chairman and executive director/CEO. These include, but are not limited to, the following situations:

- Respondent has threatened legal action against the TSCPA; and
- Respondent is in litigation involving issues related to a TSCPA investigation, and it appears to be likely that Professional Ethics Committee records may be subpoenaed in such litigation, regardless of whether the investigation is being deferred pending completion of such litigation.

In the aforementioned situations or others considered appropriate by the Professional Ethics Committee chair, the chair shall bring the matter to the attention of the TSCPA chairman and executive director/CEO and provide copies of relevant material from the case investigation file. The chairman may elect to bring the matter to the confidential attention of the Executive Board for action, and/or it may be discussed with general counsel. **(EB:6/19/98)**

Secretary, Responsibilities of

The secretary shall approve and sign the minutes of all meetings of the membership, the Board of Directors, and the Executive Board.

(Excerpt from the *Staff Policies and Procedures Manual*)

TSCPA is committed to providing a workplace free from sexual harassment. **Sexual harassment in any**

POLICIES

manner or form is expressly prohibited. All claims of sexual harassment will be promptly and thoroughly investigated. Anyone who violates TSCPA's policy is subject to disciplinary action commensurate with the severity of the offense, up to and including termination of employment or expulsion from membership.

Definitions:

Sexual harassment: Generally speaking, sexual harassment includes unwelcome touching or verbal conduct of a suggestive nature as well as requests for sexual favors. There are two types of sexual harassment.

- "Quid pro quo" sexual harassment occurs when sexual favors are requested or demanded as a condition of employment or as a basis for employment decisions affecting that employee; and
- "Hostile work environment" occurs when there is verbal or physical conduct of an offensive nature that permeates the work environment so much that it interferes with an employee's work performance and seriously affects his or her psychological well being. Conduct which may constitute a hostile work environment may include verbal sexual innuendoes, suggestive comments or jokes of a sexual nature. In addition, the display of sexually suggestive objects or pictures may contribute to a hostile work environment as well as unwanted physical contact of any kind.

Scope:

This policy applies to all TSCPA employees as well as members and spouses who are in contact with employees. Not only does the scope of this policy include the offices of the TSCPA, but also includes offsite meetings, conferences and business-related social functions.

Preventive Measures:

The following actions may constitute sexual harassment; therefore, employees and members should refrain from this type of behavior:

- Verbal sexual innuendoes;
- Suggestive comments;
- Jokes of a sexual nature (verbal, written, pictures or drawings);
- Display of sexually suggestive objects or pictures;
- Obscene gestures;
- Questions and comments concerning an individual's sexual behavior;
- Unwanted physical contact of any kind; and
- Any comment or suggestions that indicate that a sexual favor would enhance an employee's career with the organization.

Procedure:

Any individual who feels that he/she has been subjected to sexual harassment should immediately notify TSCPA by speaking to the staff director in charge of Human Resources. If the individual is not comfortable discussing the issue with that director, he or she may discuss it with the executive director/CEO. Any supervisor, manager, director or managing director who receives a complaint of sexual harassment must report it immediately to the staff director in charge of Human Resources.

An investigation of the allegations will be conducted. This investigation will include interviewing the person(s) making the complaint and the person(s) accused of the harassment, and may include others who have direct knowledge of the situation. The investigation shall be conducted in confidence with communication to members and other staff members only on a need-to-know basis.

If the investigation reveals that the complaint is valid, the company will take prompt action to stop the harassment immediately and to prevent its reoccurrence.

No adverse action shall be taken in retaliation against persons making a complaint or participating in an investigation. **(EB & ED/CEO:11/7/03)**

Speaking Out for TSCPA

One of the expressed goals of the Texas Society is to speak on behalf of its members when such action is in the best interest of its members and serves the cause of certified public accountants in Texas, as well as the public interest.

Presentation of the Texas Society's views on appropriate matters to the American Institute of Certified Public Accountants, to the business community, to the media, to the Texas Legislature and U.S. Congress, to state and federal agencies, to standard-setting bodies, or to the public at large is an essential part of a program of service and meaningful communications. However, it can be an effective part only when carried out in an orderly manner consistent with a clearly stated policy.

The purpose of this statement is to clarify the authority and responsibility of individuals or groups in expressing such opinions while they are associated in an official capacity with the Texas Society of Certified Public Accountants.

Speaking out refers to any statement, written or oral, which (i) purports to express an opinion on any matter by a member or employee of the Texas Society in such member's or employee's capacity as a representative of the Texas Society, or (ii) is set forth as the position of CPAs in Texas.

Speaking out does NOT refer to factual statements (articles, interviews, speeches, etc.) that address technical accounting or tax issues, provided the statements are not presented as the opinion of the Texas Society of CPAs.

Nothing in this policy statement is intended to limit or preclude normal and routine correspondence of the TSCPA Board of Directors, committees, chapters, chapter committees, member sections and staff. Nor is this statement intended to restrict any individual from expressing his or her personal views; however, anyone holding a position of leadership in TSCPA should recognize the probability that his or her personal views might be considered an official position.

Board of Directors and Executive Board:

1. The TSCPA Board of Directors may make statements on behalf of the Texas Society of Certified Public Accountants at any time.
2. The Executive Board may make or authorize a statement on behalf of the TSCPA when critical timing or other conditions make it impractical to await action of the Board of Directors.

Chairman and Executive Director/CEO:

The chairman has authority to prepare responses to matters requiring a prompt reply. Furthermore, the chairman may delegate this authority as to any single matter to any member or the executive director/CEO of the Texas Society whenever the chairman believes such person has the requisite professional expertise and skills to speak out on such matter. However, the person to whom the chairman has delegated authority to speak out should endeavor to discuss the matter with the members of the Executive Board whenever possible.

Committees and Task Forces:

Committee and task force chairs may speak on behalf of their respective committee or task force subject to the following conditions:

1. They may speak only on matters directly related to their committee or task force activity.
2. A committee or task force statement must be approved by a two-thirds majority of its constituency or membership by either of the following: (a) by a two-thirds majority of members present in person or by proxy at a committee, section or task force meeting; or (b) by mail ballot or e-mail ballot if approved by two-thirds of the votes.
3. The committee or task force statement must make clear that it is being presented only on behalf of the related group and not on behalf of the Society. Expression of views may take the form of: discussion papers; articles for publications; comments to AICPA entities of interest to the steering committee, committee or task force; press releases; conversations with other public or private media; or

POLICIES

presentations to legislatures or other regulatory bodies. The following disclaimer must accompany any verbal or written expression: *"The views expressed herein are written on behalf of the [issuing body] of the Texas Society of CPAs. The [committee or task force] has been authorized by the Texas Society of CPAs' Board of Directors to submit comments on matters of interest to the [committee or task force] membership. The views expressed in this statement/document have not been approved by the Texas Society of CPAs' Board of Directors or Executive Board and, therefore, should not be construed as representing the views or policy of the Texas Society of CPAs."*

TSCPA CPA-PAC Political Activity

The CPA-PAC is by its nature involved in political activity, including making political contributions to candidates for legislative and statewide offices. Certain laws administered by the Texas Ethics Commission prohibit corporations, including non-profit corporations and professional associations, from engaging directly in such political activity, but do allow such organizations to organize and administer a political action committee. Under these laws, TSCPA is permitted to pay for the costs to organize, administer and raise funds for the PAC. TSCPA is not permitted to pay for political contributions or other costs related to support of a particular candidate nor meetings or events that result in contributions of other benefits to specific candidates.

It is the policy of CPA-PAC to pay for all political contributions or other costs related to support of a particular candidate from PAC funds. TSCPA or TSCPA chapter funds may be used to pay for all administrative costs related to CPA-PAC, including meeting costs and preparing and delivering committee contributions. TSCPA employees may participate in CPA-PAC meetings and delivering committee contributions. (EB: 8/24/12)(EB: 8/23/08)

Whistleblower Policy

The purpose of this policy is to provide a procedure for TSCPA officers, directors, volunteers and members to report good-faith concerns about alleged accounting and financial improprieties and/or misuse of TSCPA assets.

Notification Procedures

If an officer, director or member has a good-faith concern, he or she should submit the concern to the TSCPA's Treasurer, who serves as the Compliance Officer for investigating and resolving all reported concerns. A concern may be submitted anonymously. It is preferred that a concern is submitted in writing, but an oral report to the Treasurer is acceptable.

A concern should describe specifically the nature of the concern and should include documentary evidence, if available.

A concern shall be considered "good-faith" if the report is made without malice or consideration of personal benefit and the member has a reasonable basis to believe the report is true. A report does not have to be proven true to be made in good faith. Good faith will be considered to be lacking when the report is known by the reporting member to be malicious or false.

Investigation Procedures

The Treasurer, serving as Compliance Officer, shall be responsible for investigating concerns and shall be responsible for ensuring appropriate actions are taken. Depending on the nature of the concern, the Treasurer may consult with the TSCPA Audit Committee, TSCPA Executive Board, TSCPA management, as well as outside consultants, investigators, fraud examiners or legal counsel.

Confidentiality

When a concern is reported, the information shall be considered confidential to the extent that confidentiality does not hinder the investigation. TSCPA cannot guarantee confidentiality of the concern. Disclosure of the concern and the person filing the concern will be made to the appropriate parties on a need-to-know basis. If an officer, director or member is being investigated as a result of a concern that has been filed, he or she may be given the circumstances of the concern. Such disclosure may allow the officer, director or member to deduce who filed the concern. In addition, identification of the person filing the concern may be necessary to perform the investigation, to allow law enforcement to perform an investigation, or if the person accused of impropriety is entitled to the information as a matter of legal right in disciplinary proceedings.

Protection of Whistleblower

If an officer, director or member reports a good-faith concern, without malice or information that is known to be false, the officer, director or member shall not suffer retaliation for his or her disclosure. **(EB: 11/7/08)**
