Members and staff are required to be aware of potential violations of antitrust laws. Laws designed to prevent unfair competitive practices, such as price-fixing, include the Sherman Act, the Clayton Act, the Federal Trade Commission Act and the Robinson-Patman Act, as well as other state and federal statutes. The consequences for violating antitrust laws can be severe. Punishment for a conviction can include large fines to TSCPA, its members and staff. Volunteer leaders, staff and participating members may also face jail sentences for participating in antitrust activities. In addition, civil actions may be brought by private parties.

Members, volunteers, directors and staff are specifically prohibited from engaging in the following:

2. Features that can impact prices and fees, such as salaries, costs and profit margins shall not be discussed at any TSCPA meeting without TSCPA legal counsel present.
3. Discussions about customers and clients should not take place among competitors.

6. If a discussion is at-risk for antitrust violations, the attending TSCPA staff member shall request that the discussion should stop immediately. The request for the discussion to end shall be documented in the meeting minutes. If members continue the discussion, TSCPA staff present should end the meeting and excuse themselves from the meeting room. The minutes should reflect the staff's actions and show that they left the meeting.

## Chapters

The local chapters are semi-autonomous organizations formed within the framework of the Society providing local presence and opportunity for participation by TSCPA members.

Coordination with TSCPA among the chapters is accomplished through the Chapter Coordinating Committee, which comprises chapter presidents, presidents-elect and executive directors. This committee is assisted by a staff liaison who is in frequent contact with the chapters. The committee reports to the Executive Board on its activities, as well as chapters' activities through its assigned coordinating officers.

See Article IV of the Bylaws for further detail. **(EB:11/7/03)**

## Chapter Awards

TSCPA members are also members of a chapter. The chapters complement TSCPA's education of members regarding the Society's overall purpose, goals and objectives. Chapters often locally implement TSCPA-developed programs and services. Chapters also develop and execute a variety of local programs and services that complement those offered by TSCPA.

The chapters are authorized in the Society Bylaws and serve as an important contact with the members. Chapters should develop their business plans with objectives and activities to align with the Society's strategic plan. The activities of the chapters should be designed to advance the profession and the activities of the Society. TSCPA will refer to all of its local chapters as the "(geographic location) Chapter of the Texas Society of Certified Public Accountants" in all TSCPA publications, media releases, awards and other official communications. **(EB:4/26/03)**

Volunteer leadership and staff of both TSCPA and the chapters should nurture a positive relationship between and among their organizations. **(EB:11/7/03)**

## **Chapter – Standards for Formation of a New Chapter**

Any change to existing chapter boundaries must be proposed in writing and sent to the attention of the TSCPA chairman by July 1. (A proposal received after that date will be postponed to the next fiscal year.) The process will take place over two fiscal years.

Before the formal proposal is sent, the following pre-application steps must be completed:

1. If there are at least 250 members in the counties proposed to be moved, they are electronically surveyed by TSCPA staff to see how many are willing; and
2. The first four items below are included in a document that the proposers provide to the chapter president, chapter president-elect and executive director/secretary of each existing chapter from which members would be moved, to see whether the needs stated for a new chapter could be met within the existing structure.

After the steps are completed, the TSCPA chairman will notify the proposers that they may move forward as follows.

The proposal document shall include all of the following:

1. Names of at least 20 current CPA members in good standing (who have been members for at least five years continuously) making the proposal;
2. A detailed explanation of members' needs for a new chapter in the affected area that cannot be addressed by existing chapters;
3. Names of the counties that would be moved from existing chapters;
4. The approximate number of members who would be moved (a minimum of 250 current members, distinguished members and lifetime members in good standing is required);
5. A three-year business plan;
6. The names of eligible members who have committed to serve as officers during the first three years after the chapter is created;
7. Proposed dues amounts for the first three years; and
8. A proposed three-year budget.

All names in the proposal are subject to eligibility verification by TSCPA staff. The TSCPA chairman will determine whether the document meets criteria.

The proposed change will be communicated to the Boards of Directors of each chapter from which the proposed counties would be moved, by August 1.

The proposed change will be communicated to the TSCPA Executive Board prior to consideration by the Board of Directors with the affected chapter(s) given the opportunity to state their case in person. The TSCPA Executive Board should endorse the change in boundaries by a simple majority prior to sending to the Board of Directors for approval as described below.

If all of the foregoing criteria have been met, the proposal will be placed on the agenda for a vote at the next meeting of the Board of Directors. At that meeting, there must be an affirmative vote of at least two-thirds of current Board members in attendance in order to approve the proposal.

If the proposal is approved by the Board of Directors as indicated, proposed Bylaws (that provide for four officers – president, president-elect, secretary and treasurer – and comply with TSCPA Bylaws) for the new chapter shall be sent to the president & CEO by June 1 for approval by the TSCPA Executive Board at its next regularly scheduled meeting.

After Bylaws are approved by the TSCPA Executive Board, all affected members will be notified by TSCPA and their chapter affiliation changed by November 1. After that date, they may meet and conduct business in accordance with their approved Bylaws. During April joint dues billing by TSCPA, they will be billed for dues in the new chapter at the rates approved by the new chapter's Board of Directors by February 1 of the second fiscal year of the process.

The new chapter will be in a probationary period for three fiscal years, subject to Executive Board approval, and must submit annual financial reports to the TSCPA Executive Board no later than two months after the end of each fiscal year. **(MYB:1/28/15)**

## Committees

See *Committees* section beginning on page 30

## Compensation and Benefits

Compensation and benefits programs for TSCPA employees are designed with the goal of providing remuneration that is fair, reasonable and competitive. The programs are intended to help TSCPA recruit and retain qualified staff while being cost-effective and affordable, ensuring that the interests of TSCPA members are considered. The responsibility for guiding and overseeing the formulation and application of staff compensation and benefits for TSCPA employees has been delegated to the Compensation Committee by the Executive Board. The Compensation Committee will report to the Executive Board on an annual basis the work and decisions of the committee.

As part of its responsibilities, the Compensation Committee will: oversee and review the salary grades for various staff positions established by the president & CEO, oversee and review the benefit programs provided to TSCPA employees, set the overall compensation budget for TSCPA each year, conduct a performance evaluation of the president & CEO each year and set the compensation of the president & CEO.

To assure competitive and appropriate levels of compensation for staff, the Compensation Committee will obtain information from relevant comparator groups, including other associations and nonprofit organizations, as well as other general industry companies, as appropriate. Information regarding compensation and benefit programs of other comparator groups will be obtained by employing independent compensation consultants on a periodic basis and at least every three years.

The guidelines described above apply consistently to all employees of TSCPA regardless of their level. TSCPA administers its compensation and benefit programs in accordance with Federal Wage and Hour Laws, and other applicable governmental guidelines. **(EB:11/7/08)**

## Conflict of Interest Policy

All TSCPA volunteers will make every effort to avoid any conflict between their own personal, company or firm interests and the interests of the Society, in all actions taken by them on behalf of the Society.

A volunteer should abstain from voting on issues, policies and decisions which could cause the member to benefit personally or cause the member's company or firm to benefit from the outcome of the vote.

Each officer and director of TSCPA shall be required to sign an annual statement that he/she understands the Conflict of Interest Policy and agrees to disclose to the chairman any conflict or potential conflict of interest which may arise during his/her service. (See "Conflict of Interest Disclosure Statement.")

The disclosure of any conflict by volunteers should be in writing, confidentially addressed to the chairman, and should describe the facts and circumstances relative to the potential conflict of interest. It will be the decision of the chairman of the Society as to a resolution of the conflict, if a resolution is deemed necessary.

Any volunteer who is aware of a conflict of interest on his/her part and fails to report such shall be subject to appropriate disciplinary action by the Executive Board or its designee. **(EB:8/09/02) (EB:11/7/08)** Click on the following link for the Conflict of Interest Disclosure Statement:

A coordinating officer is expected to function as the advocate for the committee actions he/she brings to the Executive Board. However, should the coordinating officer object to a committee or action to such an extent that the coordinating officer could not effectively advocate the position, he/she should advise the committee or chairman and invite another representative to attend the Executive Board meeting and advocate the committee's position. In this instance, the coordinating officer is free to express his/her personal opinion on the matter. **(EB:11/7/03)**

## **Executive Board**

The Executive Board is the working arm of the full Board of Directors. The Executive Board will function for the Board of Directors between Board of Directors meetings and shall have all the powers of the Board of Directors except those specifically reserved to the Board of Directors itself.

No member may serve on the Executive Board if that member or that member's spouse is a member of the Texas State Board of Public Accountancy. **(EB:4/25/03)**

The Executive Board identifies issues, and considers and decides matters brought before it by members, committees, officers and others. With a view of the needs of the profession, the Executive Board is responsible for review and approval of strategic plan objectives.

The Executive Board is expected to perform the following duties:

1. Review the annual budget, as recommended by the Finance Committee and staff, prior to presentation for ultimate approval by the Board of Directors;

Travel expenses to be reimbursed shall include transportation (e.g., coach class airfare, personal automobile mileage allowance, taxi, and auto rental), meals, lodging and incidental expenses. Reimbursement of mileage as a travel expense will be at the prescribed IRS allowable rate, which may change from time to time. Original receipts of all expenditures, except for *de minimis* amounts defined from time to time by the IRS, must accompany requests for reimbursement. Arrangements for air travel should be made sufficiently in advance to obtain any discount fares available. All reimbursed spouse expenses in excess of \$600 in any calendar year will be documented on Form 1099 for tax purposes, as required by law. **(EB:6/29/06)**

It is contemplated that official travel shall include one or more visits to each chapter and numerous visits to the Society office, as well as all meetings of the Executive Board, Board of Directors, Leadership Conference and the Society's Annual Meeting and Midyear Board of Directors and Members Meeting. The Annual Meeting of AICPA and any other travel in the interest of the Society, at the discretion of the chairman and/or chairman-elect, shall be included in official travel. **(EB:4/27/07)**

Any expenses incurred resulting from the position of immediate past chairman or chairman-elect nominee should be paid under the policy guideline of the chairman and chairman-elect. Expenses pertaining to other Society activities (not as a result of the immediate past chairman or chairman-elect nominee office) are not covered in this policy. **(EB:6/29/06)**

All official travel must *not* be preceded or followed by vacations as a group or by an officer and his/her spouse if it is clear that the site was chosen to facilitate a personal vacation.

Expense reports of the Society chairman, chairman-elect, immediate past chairman and chairman-elect nominee will be reviewed and approved by the president & CEO. **(EB:6/29/06)**

**Executive Board Members:** TSCPA will cover the cost of hotel accommodations necessary for Executive Board members to attend all meetings of the Executive Board (two nights for a two-day meeting, one night for a one-day meeting), as well as group meals during the meeting. All other expenses in connection with their attendance at Executive Board meetings (including transportation, incidental expenses and other lodging and meals) shall be the individual responsibility of Executive Board members. **(EB:4/27/07)**

## **Financial Standards, Minimum**

In order to maintain an appropriate financial position for the Society and related entities, the following minimum financial standards shall be maintained throughout each fiscal year.

**Cash Balances:** The CPE Foundation shall maintain a minimum cash and investment balance equal to three succeeding months' forecasted indirect expenses plus three succeeding months' forecasted direct expenses.

The Society and other affiliated entities each shall maintain a minimum cash and investment balance equal to three succeeding months' total forecasted expenses.

**Capital Expenditures:** Capital expenditures or financing for any Society entity must not violate the cash balances on a current or forecasted basis.

These standards should be reviewed and evaluated at least every three years. **(EB:6/19/98) (EB:8/24/12)**

## **Fund Balance Guidelines**

TSCPA and the TSCPA CPE Foundation will strive to maintain a fund balance that provides the liquidity to make strategic investments for the future, as well as to provide for an unexpected financial shortfall or other unexpected event. A portion of the fund balance should also allow TSCPA and the TSCPA CPE Foundation to deal with the market volatility of their investments that can happen from time to time. Based on the research of best practices within the broader association community, TSCPA has established the following guidelines for fund balances. If the fund balances fall below these guidelines, the TSCPA Finance Committee and Executive Board will recommend a plan of action to return the fund balances to an adequate level.

### TSCPA

TSCPA will maintain unrestricted net assets equal to at least 50 percent of total expenses. Total expenses are defined as all operating expenses.

**(EB:4/28/17)**

### TSCPA CPE Foundation

The TSCPA CPE Foundation will maintain unrestricted net assets equal to at least 50 percent of total expenses. Total expenses are defined as all direct expenses of CPE programming plus indirect/operational expenses.

**(EB:8/24/12)**

## **Investment Guidelines and Objectives**

The purpose of this statement is to establish the guidelines necessary for the management of TSCPA's investment portfolio. The principal and income of this portfolio will be available to fund the ongoing operations of

the TSCPA and related entities. The goal of the investment portfolio is to preserve and grow capital while maintaining purchasing power and liquidity.

The TSCPA investment portfolio should be invested according to the following guidelines:

1. Interest bearing checking, saving and money market accounts held at financial institutions which are members of FDIC or SIPC.
2. Certificates of deposit issued by federally insured financial institutions, including those obtained through brokerage firms.
3. Money market mutual funds that strive to maintain a constant dollar value.
4. U.S. Treasury securities and government agency securities.
5. Corporate debt securities in U.S. dollar denominated amounts. These securities must meet or exceed an investment grade credit rating from *at least one recognized rating agency*. These corporate debt securities are expected not to exceed 50 percent of the market value of the portfolio, with not more than five percent of the market value of the total portfolio in any one corporate issuer.
6. Diversified investment grade bond funds. It is understood these funds may not be 100 percent invested in investment grade securities and consideration should be given to the quantity and quality of the non-investment grade securities. When combined with the corporate debt securities in #5 above, these bond funds should not exceed 50 percent of the market value of the total portfolio and no more than five percent of the market value of the total portfolio should be with any one corporate issuer.
7. Equity securities in U.S. dollar denominated amounts. The equity securities should not exceed 60 percent of the market value of the total portfolio at the time of initial investment with not more than five percent of the market value of the total portfolio in any one corporate issuer at the time of initial investment.

The equity position will be evaluated semi-annually at May 31 and November 30. If the equity position exceeds 60 percent of long-term funds at these points in time, the Investment Committee will reallocate between equity securities and fixed income securities to bring the equity back down to 60 percent, or less. This allocation will be performed within 90 days of the dates above.

The investment portfolio shall be invested in accordance with the TSCPA Investment Guidelines and Objectives. The asset allocation of the investment portfolio shall be reviewed periodically by the Investment Committee, which will be responsible for monitoring the investment portfolio on an ongoing basis. This committee will consider the current economic, social and political conditions, outlook for interest rates, market volatility, business environment, and other pertinent investment factors for making its asset allocation recommendations.

**(EB:4/30/10)**

To communicate to TSCPA members that the state organization and its 20 chapters function as one organization in delivering services to CPAs in Texas, TSCPA chapters are encouraged to use the TSCPA logo as part of their chapter name. If a chapter does use the TSCPA logo, it is required to follow the format described in the *Logo Update*.

The logo design, without the name of the organization, may be used as a professional designation by TSCPA members in good standing. The design may not be used as a logo for one's business. **(EB:8/09/02)**

TSCPA is committed to providing an environment free from sexual harassment. **Sexual harassment in any manner or form is expressly prohibited.** All claims of sexual harassment will be promptly and thoroughly investigated. Anyone who violates TSCPA's policy is subject to disciplinary action commensurate with the severity of the offense, up to and including termination of employment or expulsion from membership.

### **Definitions:**

**Sexual harassment:** Generally speaking, sexual harassment includes unwelcome touching or verbal conduct of a suggestive nature, as well as requests for sexual favors. There are two types of sexual harassment:

1. "Quid pro quo" sexual harassment occurs when sexual favors are requested or demanded as a condition of employment or as a basis for employment decisions affecting that employee; and
2. "Hostile work environment" occurs when there is verbal or physical conduct of an offensive nature that permeates the work environment so much that it interferes with an employee's work performance and seriously affects his/her psychological well-being. Conduct which may constitute a hostile work environment may include verbal sexual innuendoes, suggestive comments or jokes of a sexual nature. In addition, the display of sexually suggestive objects or pictures may contribute to a hostile work environment, as well as unwanted physical contact of any kind.

### **Scope:**

This policy applies to all TSCPA employees, officers, directors, volunteers, members and spouses who participate in TSCPA events and activities. Not only does the scope of this policy include the offices of TSCPA, but also includes offsite meetings, conferences and business-related social functions.

### **Preventive Measures:**

The following actions may constitute sexual harassment; therefore, employees, officers, directors, volunteers, members and spouses should refrain from this type of behavior:

1. Verbal sexual innuendoes;
2. Suggestive comments;
3. Jokes of a sexual nature (verbal, written, pictures or drawings);
4. Display of sexually suggestive objects or pictures;
5. Obscene gestures;

If the investigation reveals that the complaint is valid, the organization will take prompt action to stop the harassment immediately and to prevent its reoccurrence.

No adverse action shall be taken in retaliation against persons making a complaint or participating in an investigation. **(EB & CEO:11/7/03) (EB:11/3/17)**

## **Speaking Out for TSCPA**

One of the expressed goals of TSCPA is to speak on behalf of its members when such action is in the best interest of its members and serves the cause of CPAs in Texas, as well as the public interest.

Presentation of the Society's views on appropriate matters to AICPA, to the business community, to the media, to the Texas Legislature and U.S. Congress, to state and federal agencies, to standard-setting bodies, or to the public at large is an essential part of a program of service and meaningful communications. However, it can be an effective part only when carried out in an orderly manner consistent with a clearly stated policy.

The purpose of this statement is to clarify the authority and responsibility of individuals or groups in expressing such opinions while they are associated in an official capacity with TSCPA.

Speaking out refers to any statement, written or oral, which (i) purports to express an opinion on any matter by a member or employee of the Society in such member's or employee's capacity as a representative of the Society, or (ii) is set forth as the position of CPAs in Texas.

Speaking out does NOT refer to factual statements (articles, interviews, speeches, etc.) that address technical accounting or tax issues, provided the statements are not presented as the opinion of TSCPA.

Nothing in this policy statement is intended to limit or preclude normal and routine correspondence of the TSCPA Board of Directors, committees, chapters, chapter committees, member sections and staff. Nor is this statement intended to restrict any individual from expressing his/her personal views; however, anyone holding a position of leadership in TSCPA should recognize the probability that his/her personal views might be considered an official position.

### **Board of Directors and Executive Board:**

The TSCPA Board of Directors and Executive Board may make statements on behalf of TSCPA at any time.

### **Chairman and President & CEO:**

The chairman and president & CEO have authority to prepare responses to matters requiring a prompt reply. Furthermore, the chairman and president & CEO may delegate this authority as to any single matter to any member whenever the chairman and president & CEO believe such person has the requisite professional expertise and skills to speak out on such matter. **(EB:11/3/17)**

### **Committees and Task Forces:**

## Staff Liaison (Committee), Responsibilities of

The strategic plan provides TSCPA with an approved direction for achieving its mission. TSCPA's Bylaws, Article XVII recognizes the role of the strategic plan within the organization, as well as the responsibility of the Executive Board to recommend, approve, oversee, evaluate and report on status of the strategic plan.

The Strategic Planning Committee monitors progress in achieving the objectives of the plan. The committee recommends strategic plan changes to the Executive Board for its approval. **(EB:11/7/03)**

## Task Forces

Certain circumstances may dictate that a short-term objective of the Society would best be accomplished within the structure of a task force. A task force will be sunset when a specific job is accomplished and will not require staff support unless approved by the president & CEO.

The Executive Board has the sole authority to designate and charge task forces, or it may choose to delegate some authority to specific officers, committees, or staff. **(EB:8/09/02)**

## **Treasurer-elect Nominee, Responsibilities of**

The treasurer-elect nominee serves on the Compensation Committee and the Finance Committee. **(EB:6/19/98)**

## **TSCPA CPA-PAC Political Activity**

The CPA-PAC is by its nature involved in political activity, including making political contributions to candidates for legislative and statewide offices. Certain laws administered by the Texas Ethics Commission prohibit corporations, including non-profit corporations and professional associations, from engaging directly in such political activity, but do allow such organizations to organize and administer a political action committee. Under these laws, TSCPA is permitted to pay for the costs to organize, administer and raise funds for the PAC. TSCPA is not permitted to pay for political contributions or other costs related to support of a particular candidate nor meetings or events that result in contributions of other benefits to specific candidates.

It is the policy of the CPA-PAC to pay for all political contributions or other costs related to support of a particular candidate from PAC funds. TSCPA or TSCPA chapter funds may be used to pay for all administrative costs related to the CPA-PAC, including meeting costs and preparing and delivering committee contributions. TSCPA employees may participate in CPA-PAC meetings and deliver committee contributions. **(EB:8/24/12) (EB:8/23/08)**

## **Whistleblower Policy**

The purpose of this policy is to provide a procedure for TSCPA employees, officers, directors, volunteers and members to report good-faith concerns about alleged accounting and financial improprieties, illegal or dishonest conduct and/or misuse of TSCPA assets.

### **Notification Procedures**

If an employee, officer, director, volunteer or member has a good-faith concern, he/she should submit the concern to TSCPA's treasurer, who serves as the compliance officer for investigating and resolving all reported concerns.

A concern may be submitted anonymously. It is preferred that a concern is submitted in writing, but an oral report to the treasurer is acceptable.

A concern should describe specifically the nature of the concern and should include documentary evidence, if available.

A concern shall be considered “good-faith” if the report is made without malice or consideration of personal benefit and the member has a reasonable basis to believe the report is true. A report does not have to be proven true to be made in good faith. Good faith will be considered to be lacking when the report is known by the reporting member to be malicious or false.

### **Investigation Procedures**

The treasurer, serving as compliance officer, shall be responsible for investigating concerns and shall be responsible for ensuring appropriate actions are taken. Depending on the nature of the concern, the treasurer may consult with the TSCPA Audit Committee, TSCPA Executive Board, TSCPA management, as well as outside consultants, investigators, fraud examiners or legal counsel.

### **Confidentiality**

When a concern is reported, the information shall be considered confidential to the extent that confidentiality does not hinder the investigation. TSCPA cannot guarantee confidentiality of the concern. Disclosure of the concern and the person filing the concern will be made to the appropriate parties on a need-to-know basis. If an officer, director or member is being investigated as a result of a concern that has been filed, he/she may be given the circumstances of the concern. Such disclosure may allow the officer, director or member to deduce who filed the concern. In addition, identification of the person filing the concern may be necessary to perform the investigation, to allow law enforcement to perform an investigation, or if the person accused of impropriety is entitled to the information as a matter of legal right in disciplinary proceedings.

### **Protection of Whistleblower**

If an employee, officer, director, volunteer or member reports a good-faith concern, without malice or information that is known to be false, the employee, officer, director, volunteer or member shall not suffer retaliation for his/her disclosure. **(EB:11/7/08) (EB:11/3/17)**

## Committees

The committees of the Society are essential to its progress. They assist in achieving the objectives of the Society's strategic plan. They perform much of the Society work, contributing to the profession's programs and maintaining relations with influential outside groups. Working with staff liaisons, committees have a responsibility to promote and communicate activities and results to Society members. The Executive Board or Board of Directors has the authority under the provisions of the Bylaws to designate and charge committees. **(EB:8/09/02)**

### Appointment Process

The basis for selecting committee personnel is found in the Society Bylaws under Article VIII (6).

TSCPA relies on CPA volunteers to fill committee positions. In addition to a desire for service on a particular committee, the member's record and related experience, as well as the need for appropriate member demographic balance on the committee, is considered.

A committee chairman shall be appointed for all committees by the TSCPA chairman-elect no later than March 31, and will begin their term June 1. With the exception of committees with an alternate composition, a committee chairman will be appointed for a one-year term and may be reappointed for an additional two terms. In special circumstances a committee chairman may be eligible to serve more than three consecutive terms with approval by the president & CEO and the individual who will be chairman during the service year in which the committee chairman is being appointed. **(EB:11/3/17)**

Members will be appointed to a committee for a one-year term (with the exception of committees with an alternate composition) with the understanding that the member may be reappointed for an additional two terms only if his/her record of involvement and participation has been commendable. In appropriate circumstances when specific expertise is needed, a member may serve more than three consecutive terms on a committee with approval by the president & CEO and the chairman-elect or individual who will be chairman during the service year in which the member is being appointed. **(EB:11/3/17)**

New volunteer applications are accepted annually during an open call for volunteers and as vacancies occur. Returning and new volunteers are recommended by the incoming committee chairman and staff liaison and approved by the chairman-elect.

Vacancies may occur during the year due to resignation, lack of participation, the need for more volunteers or the need for a particular expertise to execute the work of the committee. These vacancies may be filled with approval by the president & CEO and the chairman or individual who will be chairman during the service year in which the member is being appointed. **(EB:8/09/02)**

### Meetings

1. All meetings shall be held in Texas unless scheduled in conjunction with the Annual Meeting or Midyear Board of Directors and Members meeting taking place outside of the state.
2. The meetings should be organized in such a manner to minimize travel time and maximize meeting time.
3. Every effort should be made to determine if a virtual meeting would be acceptable to optimize time required of volunteers and minimize costs.
4. Guests may be invited to attend the meetings at the discretion of the committee chairman.

### Meeting Expenses

Reasonable meeting expenses for such items as lunches, breaks, audio/visual equipment and travel, lodging, meals and related expenses for the staff liaison(s) will be borne by the Society. **Original** receipts of all expenditures must accompany requests for reimbursement.

### Expense Reimbursement

Reimbursement for committee members is limited to those for whom lack of reimbursement would constitute a sufficient financial burden to interfere with the performance of their responsibilities with TSCPA and its affiliated entities (not including chapters). Such reimbursed expenses are limited to transportation costs (e.g., coach class airfare, personal automobile mileage allowance, taxi and auto rental). **(EB:6/29/06 and 4/27/07)**

# COMMITTEES

---

Committee members requesting travel reimbursement under the parameters outlined above are to seek approval for reimbursement prior to the meeting. Requests should be submitted to and approved by the chief financial officer. Members approved for reimbursement must submit a brief memo, attaching either an **original** airfare receipt or a mileage statement. Arrangements for air travel should be made sufficiently in advance to obtain any discount fares available. There will be no disclosure of names of members to whom reimbursement is made. It is the intent that requests for reimbursement come only from committee members who qualify for reimbursement under this policy.

Committees should be aware of the following policies:

1. Travel, telephone, mailing costs and other expenses incidental to committee meetings and Board of Directors meetings are a personal obligation of the committee members; such obligations should be recognized at the time of acceptance of the appointment to a committee.
2. Expense of mailings and printing of brochures or manuals and/or other materials for committee projects are to be requested as items in the committee's budget each year; expenses of this nature should be incurred only through the TSCPA administrative office.

These reimbursements are not available to committee members attending meetings held in conjunction with the Society's Midyear Board of Directors and Members Meeting or Annual Meeting of Members since all members are expected to attend these meetings at their own expense. **(EB:6/29/06 and 4/27/07)**

In the event that a TSCPA volunteer attends an AICPA meeting as an official representative of TSCPA, the expenses should be budgeted by the committee or entity that the volunteer represents. Unbudgeted travel reimbursement for such meetings must be requested as a budget variance under the Budgetary Controls policy.

## Speaking Out

1. They may speak only on matters directly related to their committee or task force activity;

Expression of views may take the form of: discussion papers; articles for publications; comments to AICPA entities of interest to the steering committee, committee or task force; press releases; or presentations to legislatures or other regulatory bodies.

The following disclaimer must accompany any verbal or written expression: *"The views expressed herein are written on behalf of the [issuing body] of the Texas Society of CPAs. The [committee or task force] has been authorized by the Texas Society of CPAs' Board of Directors to submit comments on matters of interest to the [committee or task force] membership. The views expressed in this statement/document have not been approved by the Texas Society of CPAs' Board of Directors or Executive Board and, therefore, should not be construed as representing the views or policy of the Texas Society of CPAs."* **(EB:11/11/06) (EB:11/3/17)**

## Quorum/Voting

Unless stated otherwise, a quorum for any meeting should consist of at least a majority of members appointed. Every action or recommendation made by a majority of committee members present at a meeting duly held at which a quorum is present is the act of the committee. **(EB:11/3/17)**
