

DRESS FOR SUCCESS[®]
DALLAS

Dress for Success Dallas is an affiliate of Dress for Success Worldwide, a leading global nonprofit employment resource.

We have been a trusted leader at the forefront of the women's empowerment movement for 18 years. Throughout that time, we have helped over 20,000 women achieve financial independence through job support, financial education, and leadership development.

Our mission fights against inequality and systematic bias each day. Further, we are driven by the belief that when you help empower women, you help empower their families and communities for the betterment of the world.

We are dedicated to serving women of all nationalities, ages, and backgrounds.

OUR MISSION

To empower women to achieve economic independence by providing a network of support, professional attire and the development tools that help them thrive in work and in life.

OUR IMPACT

We design and deliver services and programs to help women overcome gender-based challenges for every phase of their personal and professional journey – from job seeker to professional to leader in her community.

We are a vital force in global economic recovery efforts spurred by the COVID-19 pandemic, helping the most vulnerable and disproportionately impacted population – women.

Understanding the gravity of the first female recession where decades of economic progress for women are at risk of a setback, we redesigned our programming structure from in-person interactions to virtual, offering services such as career coaching, group networking, and personal development workshops.

DRESS FOR SUCCESS[®]
DALLAS

We are not just a nonprofit; we are an agent of change.

We are a frontline solution to ending gender-based inequality and cycles of despair.
